ACADEMIC PROJECTS

McGameJam Web

McGill University, Montreal, QC   *Nov 2024*
- Designed and developed a full-stack web application using React, MongoDB, HTML, CSS, and JavaScript, enabling 100+ users to purchase tickets and register teams online.
- Implemented secure login/logout functionalities and role-specific dashboards for judges and teammates to streamline operations. Focused on creating a responsive and user-friendly interface.
- Managed and stored event and user data efficiently with MongoDB, ensuring seamless data retrieval for 50+ events.

Personal Web

McGill University, Montreal, QC   *Dec 2024*
- Built a personal portfolio website using Node.js, React, HTML, CSS, and JavaScript to showcase 10+ projects and technical skills.
- Demonstrated full-stack development skills by creating both front-end and back-end components in a unified platform
- Link: https://mishimazzz.github.io/Personal-web/

Rubi-Chess

McGill University, Montreal, QC   *Jan 2024*
- Engaged in a 48-hour game design challenge with a 6-person team, showcasing teamwork and innovation
- Designed and developed by C#, Unity and crafted 2D scenes and 3D model. Awarded the "Most Technically Innovative" prize.
